

blanc

venue sales overview

an innovative venue where the space adjusts to the design of your celebration!

blanc is Denver's most eclectic event venue. Located in the heart of Denver, just north of the Ballpark neighborhood, in the RiNo District, the versatile space is perfect for everything from private parties to corporate events with up to 150 guests.

Inside, blanc boasts a large gallery, an innovative conference room, exposed brick walls and ceiling mechanics, and an abundance of natural light. The urban-chic space is as flexible as it is comfortable, with modern amenities and clever design touches throughout.

The exterior space is completely unexpected for this urban venue. An almost bucolic atmosphere hints at Nantucket, with a private drive that separates the main venue from a rustic barn, which can be used as a separate venue or added to the main space. The premier backyard space includes leafy shade trees that lead guests to a table and seating area sheltered by a large grape arbor.

the innovation room

A 21st Century board room designed to inspire the next generation of innovation

We created the Innovation Room to help our business guests accelerate the exchange of ideas. The inspirational setting includes an idea wall, complete with idea paint for visually representing concepts during meetings. Gather your group, incubate the next great set of ideas, and write them right on the wall. Or, if you prefer, scribble them down on the nontraditional, easy-clean glass surface of the conference table, which can accommodate up to 16 team members. The modular table has been set with handcrafted chairs for easy comfort during meetings. Available as a separate rental or as part of a full facility rental.
